1.0 ABOUT US

MUZTAF GLOBAL INVESTMENT LIMITED is a registered limited liability company, duly incorporated with Corporate Affairs Commission. The company is also into Civil, Electrical, and Mechanical Engineering. The company started operation in October 2018, and it has been a wide range for high quality service to various organization both in public and private sector of the country

MUZTAF GLOBAL INVESTMENT LIMITED is established with a view to pioneering positive development within the engineering services and general supplies through a well-structured network of policies, strategies, and standard. We engage in every aspect of the engineering services consultancy supplies and general contract including exploration and production manufacturing marketing and transportation and sales and power generation. we are also investing in renewable and advanced technologies. Our diverse and global workforce consist of highly skilled employees. We are committed to supply **high-quality and cost-effective services** to an increasing diverse client base with innovations and technological advancement divining industry standards all times we are ideally pleased to offer guidance services and support ensuring that our clients enjoy the benefits of leading-edge products with guarantee of reliability and value for their money. To this end the corporate entity must have global investments Limited has diverse harms in meeting the needs and wants of the Nigerian populace.

1.1 WHY US

- Our Personnel

We have a network of top worldwide professionals passionate about providing high-quality service and satisfying our clients.

- Knowledge

We have an advantage in providing the services needed because of our distinctive blend of experience, knowledge, and understanding of local and worldwide markets. We are continually looking for innovative methods to enhance the services we provide.

- Key Drivers

MUZTAF is a leader in providing value-added construction services to our customers by creating a successful partnership with them throughout the construction process. We pledge to establish lasting relationships with our customers by exceeding their expectations and gaining their trust through exceptional performance by every construction team member.

1.2 SECTORS WE OPERATE

Water and Environmental Engineering <i>Water and Wastewater</i> <i>Irrigation</i> <i>Waste Management</i>	Transport Engineering <i>Roads and Highways</i> <i>Rail and Ports</i> <i>Aviation</i>	Heath and Social Care <i>Hospitals</i> <i>Clinics</i> <i>Social Care Facilities</i>
Property & Real Estate Development <i>Residential Developments</i> <i>Commercial & Office Buildings</i> <i>Retail Developments</i>	Energy & Natural Resources <i>Power (Electricity)</i> <i>Oil and Gas</i> <i>Mining & Agriculture</i>	Tourism and Leisure <i>Hotels</i> <i>Resorts</i> <i>Entertainment</i>
Sports <i>Stadiums</i> <i>Other Sports Facilities</i>	Education <i>Schools</i> <i>Higher Institutions</i> <i>Libraries</i>	ICT <i>Information Management</i> <i>Telecommunications</i> <i>Security</i>

1.3 CORE VALUES

- Customer focus: We shall continue to try to comprehend and meet our customers' specific needs and expectations by offering quality services.
- Teamwork: Our staff shall work together collaboratively towards delivering quality service to our customers.
- Fulfillment: We shall provide an enabling environment that fosters talent development and provides delight in work.
- Quality and Excellence: – We shall set and achieve high standards in everything we do while ensuring safety first.
- Integrity: The Corporation is committed to doing the right thing.
- Transparency and Accountability: The Corporation shall consistently disclose its actions and remain responsible to our clients.
- Environment consciousness: We shall be conscious about environmental and social sustainability issues in its operations.
- Professionalism: We will carry out our duties in a professional manner and constantly strive to improve in accordance with the relevant professional standards.
- Innovation: We shall continue to try to comprehend and meet the specific needs and expectations of our customers by offering services that do so.

1.4 BASIC QUALITY ASSURANCE

- Promote internal standardization for the whole company and establish structures for qualitative control QC
- Conduct comprehensive and continuous research for the development of new technologies and products
- Proactively idealized methods of statistical control for all areas of company activities
- Establish quality assurance structures for all manufacturing processes
- Exert effort for cost reductions of each product by continual modernization of manufacturing systems.
- Secure quality assurance programs over materials and components with our suppliers' true contracts

1.5 CAPACITY BUILDING AND TRAINING

To help our personnel better meet the unique needs of our clients, increase their ability to finish projects successfully, and increase the returns on infrastructure investments, we provide a wide range of flexible capacity development and training programs. These includes

- Developing personnel at all levels to constantly strive to obtain new knowledge and to acquire empirical reasoning ability from a broad perspective
- Training staff to be dedicated as leaders in their field but it lies in their knowledge and experience.
- Developing personnel who can overcome any adversity and strive towards achieving targets.
- Training staff to place the highest value on teamwork resulting from combined efforts of all individuals.

1.6 BASIC POLICY FOR EDUCATION AND TRAINING

- All employees will use every available opportunity to enhance self-development
- Those in leadership positions will exemplify model behaviour all time
- The emphasis of education is on-the-job training led to buy the supervisors through the operations. supplementary training off the job is also provided

- Appraisals for each head of management levels are based as a rule on the success of staff education and training

1.7 OUR ENVIRONMENTAL RESPONSIBILITIES

We take our environmental responsibilities very seriously as MUZTAF global Investment Limited. We recognize that our operations have an impact on the local regional and global environment within

which people live and work and that sustainable growth is only possible through careful stewardship of our impacts.

The use of environmentally sound products that provide maximum operating safety conditions are fundamental to the success of our business. we make sure that all our site operations safeguard health minimise energy use emissions and waste and conserve natural resources.

We regularly review our environmental performance and ensure it complies with all national environmental regulations laws and codes of practices.

We frequently train our workers on how to observe safety on site, through our daily prep talk by the Safety Officer.

Safety Kit for our workers

1.8 SERVICES

MUZTAF GLOBAL INVESTMENT LIMITED is a provider of complete power distribution solution to both ICE and NEMA/ANSI standards, herewith a summarized list of MGIL solutions.

1.8.1 Supply of Cars, Trucks and Motorbikes

One of the most complicated supply chains in the world is that of cars, construction plants, and machinery. MUZTAF Global Investment Limited makes it easy for our clients to access our various plants at their own pace at the lowest cost possible. Plants such as low beds, roller compactors, tractors, concrete mixers, and cranes are available.

We have heavy duty truck for sale and to deliver materials to various sites within and outside the Federal Capital Territory

Our Low bed is fully operational to transfer vehicles from one location to the other.

...delivering quality infrastructure using modern technology

We have quality tanker, available for hire and purchase to deliver liquid fuel across the country.

We have quality tanker with available for hire and purchase to deliver liquid fuel across the

...delivering quality infrastructure using modern technology

1.8.2 Rural Infrastructure and Road Network

Our project delivering team are vast in the delivery of quality road, rural electrification, and urban development projects.

...delivering quality infrastructure using modern technology

MATERIALS RECOVERY AND RECYCLING INDUSTRY

We have years of experience in materials recovery and recycling industry. We trade in all types of recyclable materials for example: Ferrous and non-ferrous metals, electronic and electrical scraps, manufacturing scraps etc. We are a foremost scrap brokerage company with our operations encompassing - demolition and dismantling, buying, processing/sorting, trading and exports of recyclable materials."

1.8.3 Installation, Supply and Services of Electrical Equipment

We have a highly experienced team in delivering electrical services such as electrical installation and repair, Electrical Panel Upgrades, Installation of transformer, Electrical Panel Repair Circuit, Installation among others.

1.8.4 Supply and installation of Mechanical Equipment

We also procure, install and operate various mechanical tools e.g. lathe machine for both Industrial and commercial use.

1.8.5 Civil Engineering Services

...delivering quality infrastructure using modern technology

1.8.6 Construction of Road and Bridge

...delivering quality infrastructure using modern technology

1.8.7 General Supplies and Services of Transformers

...delivering quality infrastructure using modern technology

1.8.9 Water Supply in Rural Areas

...delivering quality infrastructure using modern technology

1.8.10 Provision of Educational / Health Facilities

...delivering quality infrastructure using modern technology

2.0 KEY PERSONNEL AND THEIR QUALIFICATION

ABDULAGAFAR MOHAMMED TOPE is the project Architect of the company. He is a graduate of Architecture from the Federal University of Technology Minna. He specializes in the design and administration of major commercial and residential projects together with extensive infrastructural schemes, he has extensive experience of project management roles on variety of properties and projects working for both private and public sector.

CURRICULUM VITAE

PROFESSIONAL SUMMARY

An enthusiastic team player with a good understanding of sustainable buildings and PASSIVHAUS which is evidenced by the good results obtained during the attainment of my BSc. Arch and MSc. Arch degrees. Equipped with various Architectural and Environmental Design tool skills, including experience teaching/tutoring students at master's level on Environmental Design and Passivhaus principles, I have experience working in architectural practice in collaboration with other professionals were delivered planning and construction drawings diligently under pressure and meet deadlines. Passionate about pursuing my career in sustainable design, I enjoy developing myself through every challenge in my experience.

EDUCATION

MArch Environmental Design, 2018

University of Nottingham, UK – Nottingham

During my time there, I was able to develop the following skills:

- an understanding of the role of architects in supporting sustainable development
- an understanding of the importance of micro-climate and site context in architectural design
- the ability to exercise original thinking, design experimentation and creativity
- the ability to apply integrated environmental design approach in architectural projects
- the ability to use building performance prediction tools to enhance and refine design proposals
- the ability to communicate ideas effectively in verbal communication and written reports
- interpersonal communication and professional presentation skills.

Activities

- Attended ECOBUILD, PASSIVHAUS conferences and events.

- Final Master's Degree project shortlisted for PASSIVHAUS and Council of Tall Buildings and Urban Habitat (CTBUH) Awards, 2018. Shortlisted entry published in the CTBUH 2018 end of the year magazine.

BArch, 2010

Federal University of Technology. Niger State, Nigeria.

- The following are the skills developed after the 5-year programme:
- an understanding of the basic design requirements of various building types.
- an understanding of the relationship between buildings and its immediate environment
- an understanding of the effect of the climate on building designs
- an understanding of the scientific and technical knowledge behind the versatility in designing buildings responsive to their environment.

Activities

- Participated in various apprenticeship programmes
- Final bachelor's degree project on an orthopedic hospital with emphasis on using the environment to help support patients' recoveries.

SKILLS

Proficient in the following software tools: Adobe InDesign and Photoshop, AutoCAD, Cinema 4D, Design PH, Google Sketchup, IES_VE, Microsoft Office, Optivent, Revit and Sefaira.

WORK HISTORY

Research, 09/2017 to 06/2018

University of Nottingham, UK. Nottingham, Nottinghamshire,

- Design proposal on the conversion of an existing indoor sports hall into a new 6th form passive building for Highfield Schools, Matlock, UK, which was used to inform the design direction of the school
- Prepared an Advanced Environmental Design report on the 6th form building design proposal for Highfield Schools in Matlock, UK. This report demonstrated the use of various Environmental Design strategies and tools such as Sefaira, IES_VE and Optivent to inform the design of a sustainable, energy efficient, passive building.
- Prepared a detailed report titled "Thermal and Daylight Performance of The Nottingham Geospatial Building", an exploration into a free-running building possibility in summer season.

In this report, I demonstrated the use of various environmental design strategies and tools to maintain good thermal and daylighting performance and reducing energy Use.

- Dissertation titled "Regionalism in Northern and South-Western Traditional Architecture of Nigeria, a paper that reveals how the environmental conditions have informed the traditional builders of different geographical regions and how those practices have been transferred and modified by the present generation.

Tutor Assistant, 10/2018 to 01/2019

University of Nottingham, UK - Nottingham, Nottinghamshire

- Gave tutorials to master's students in the Department of Architecture and Built Environment, Sustainable Tall Building Studio on PASSIVHAUS and Sustainability in Tall buildings.
- Gave fufonals on the use of Environmental design tools Such as Design PH. IES_VE, Optivent and Sefaira.
- Gave useful feedback on Environmental Design, Sustainability and PASSIVHAUS Principles to masters students during interim review critiques.

Architectural Assistant: Abzass Int'l Concept Nig Ltd 03/2012 to Date

- Prepared detailed construction drawings with specifications in AutoCAD.
- Created new and innovative approaches to problems and discussed them with project managers.
- Verified that construction detail documentation conformed to quality assurance and best practice standards.
- Met with municipal building department and other governing agency officials to coordinate approvals.

He has experience in delivery of projects from inception to completion including feasibility studies, project, and development management, covering a variety of contract and professional instructions for a wide-ranging client base in the corporate public and private sectors.

CURRICULUM VITAE

Profession: Power Systems Engineer
Date of Birth: 6th November 1986
Years with Firm: 5 years
Nationality: Nigeria

EDUCATION

- M.Sc. Energy and Power Systems, University of Liverpool, Liverpool, United Kingdom
- Diploma in Science and Engineering Liverpool International 36/ 80

PROFESSIONAL AFFILIATION

Member, Council for the Regulation of Engineering in Nigeria (COREN)

SUMMARY OF KEY EXPERIENCE AND RESPONSIBILITIES

- Modeling of electrical power equipment and systems.
- Electrical network studies (Load flow, Fault levels and Gid stability studies, Frequency Control, Power Evacuation).
- Feasibility studies for Independent Power Producer (PP) projects.
- Testing and commissioning of protective relays for primary equipment of Voltages up to 330kV.
- Grading/Coordination of relay settings for Distance and IDMT overcurrent/earth fault protection schemes.
- Testing and commissioning of power and distribution transformers.
- Power Evacuation and Evacuation Transmission Status.
- Assistant engineer in preparing proposal for power evacuation studies
- Experience user of power system analysis software; NEPLAN, Efap and PvSystem
- User of AutoCAD.
- Good Knowledge of Microsoft Office packages (MS Word, Excel, PowerPoint and Visio).
- Experience in computer networking. software and hardware.
- Experience in building electrical installation and maintenance.

WORKING EXPERIENCE

Electrical Engineer

- Network Analysis for Northern Corridor Expansion Project
- Review of settings. calibration and testing of Main (Distance) and Backup Protection relays on Alaojilkot-ekpene 330kV lines 1&2
- Participated in 132/33 kV Relay Coordination study and implementation of two Work Centers (Calabar and Alaoj) Port Harcourt region of Transmission Company of Nigeria (TCN)
- Participated in testing. energization and commissioning of Transformer Ti of Adiabo 150 MVA, 330/132 kV Transmission Substation Calabar
- Power system engineer involved in Frequency Control Studies on National grid (visit all existing power station, national control center and supplementary national control center for data collection)
- Power System Evacuation Study for ibom Power Company
- Power System Evacuation Studies on Cr Cosmos 50 MW PV Solar Plant, Panyam, Plateau State
- Assistant engineer in preparing proposal for power evacuation studies such as sky power energy, QIPPP amongst others
- Calculation of fault levels such as Zuma Power Plant Ajaokuta, Abeokuta old and new substations amongst others
- Power System Analysis for upgrading 330kv Substation busbar Power Evacuation and Evacuation Transmission Status of the 10 NIPP generating plants for Honeywell Group Limited in September 2013.
- Calculation and Preparation of monthly progress report for various Projects and review of EPC invoices
- BOQ Preparations and Percentage Completion calculations.

Dear Sir,

VALUE ADDED TAX REGISTRATION

Further to your submission of registration form for the above, please be informed that your Tax Identification Number as a collection agent is **20590401-0001**.

Please quote this number in all correspondence with this office and also on your sales invoices. You are therefore under obligation to file monthly returns to this office.

Consequently offences ranging from furnishing of false information/documents, fraudulent, evasion of VAT, un-notified change of address, failure to file proper records and account, failure to collect VAT, failure to file monthly returns, failure to remit, etc. attract various penalties in accordance with part V of the Decree.

Similarly, Section 35(1) part VI empowers and authorizes Revenue officers to carry out inspection, compliance and monitoring on all companies. Therefore all cases of irregularity or nil returns may warrant full scale Audit or Special Investigation in accordance with Tax Laws. I congratulate you on your registration and wish you successful business in the years ahead.

Yours Faithfully,

AGBABIAKA T.A

Dear Sir,

**LETTER OF AWARD OF CONTRACT FOR THE SUPPLY AND INSTALLATION
OF ICT HARDWARE AND OTHER ICT NEEDS (LOT 2)**

Please, refer to your tender document for the above stated project.

I am pleased to inform you that the University has approved that your Company be awarded the contract for the Supply and Installation of ICT Hardware and other ICT Needs (Lot 2) at the contract sum of N85,814,218.50 (Eighty Five Million, Eight Hundred and Fourteen Thousand, Two Hundred and Eighteen Naira, Fifty Kobo) only, inclusive of all applicable taxes and subject to the following conditions:

1. That the contract is a fixed price contract. There shall be no variation of project cost and the University shall not entertain any claim for fluctuations. Consequently, Clause 31 of the conditions of contract is hereby omitted.
2. That the project is to be funded from year 2022 Tefund Zonal Intervention Project.
3. That the completion period is five (5) weeks.
4. In the event that you may require an advance payment, the mobilization of advance payment shall be 15% of the total contract sum but excluding contingencies on presentation of Advance Payment Guarantee from a reputable bank or an insurance company as per the conditions of contract.
5. Performance Bond shall be 10% of the contract sum from a reputable bank or an insurance company as per the conditions of contract.

6. Payment Certificates shall be prepared by the Department of Physical Planning, Works and Services based on the progress of work and after due certification that the work executed is in line with specifications and terms of contract.
7. The University also reserves the right to cancel the contract for non-performance in accordance with its terms and conditions.
8. All payments shall be subject to 5% retention but exclude advance payment.
9. The payment shall be made subject to the submission of Accounts and Tax details as follows: (i) Company Name and Address (ii) Bank (iii) Branch of the bank (iv) Account Number (v) E-mail address of contact person (vi) Phone Number (vii) Tax Identification Number (TIN) and (viii) Invoice Number.
10. Penalty of non-completion (Liquidated and Ascertained Damages) usually 0.25% of the contract sum per week will be applied if you fail to complete the project at the expiration of five (5) weeks completion period.

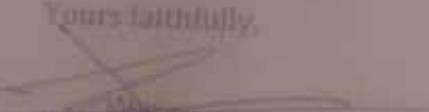

You are requested to proceed with the execution of the works on the basis that this notification of award letter and your letter of acceptance shall constitute the formation of a contract, which shall become binding upon your furnishing a performance security within (14) days, in accordance with ITT clause 58, and signing the contract agreement within twenty-one (21) days, in accordance with ITT clause 54.

Please, contact QS, Ukwuoma Chidi Uba, (08035240276), Head of Procurement Unit of the University for further instructions on the execution of the project.

We congratulate you on the award of the above contract and hope to have a good business relationship with your organization.

If the above terms are acceptable to you please, indicate your acceptance in writing within seven (7) days of the receipt of this letter.

Yours faithfully,

Dear Sirs,

AWARD OF CONTRACT FOR THE SUPPLY OF ONE (1) HP DESKTOP AND ONE (1) HP LAPTOP COMPUTERS, TWO (2) HP OMEN CPU AND HDMI SPLITTER AMPLIFIER TO THE UNIVERSITY AUDITORIUM

I write to convey approval for the supply of one (1) HP Desktop and one (1) HP Laptop Computers, two (2) HP Omen CPU and HDMI Splitter Amplifier to the University Auditorium to your Company, Messrs. Muztaf Global Investment Limited, at a contract sum of ₦9,614,800.00 (Nine Million, Six Hundred and Fourteen Thousand, Eight Hundred Naira) only, with a completion period of two (2) weeks. The project will be funded from the University's Internally Generated Revenue (IGR).

You are to note that **quality**, **time** and **cost** are crucial to this contract. The University reserves the right to determine the contract in the event of your failure to work within the agreed schedule or deliver within the contractual completion period. The contract will not be subject to any fluctuation(s).

The contract sum is subject to the following: 7.5% VAT, 5% Withholding Tax, and 1% Stamp Duty. Contractors working for the University are also expected to contribute 2% of the contract sum to the University Endowment Fund.

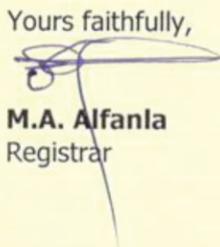

On the submission of an acceptable Advance Payment Guarantee (APG) and Performance Bond, you will be paid 30% of the contract sum as advance (Mobilisation Fee).

You are required to indicate within **seven (7) days** of the date of this letter, your acceptance of this award on the above stated conditions, addressed to the undersigned, so that necessary arrangements could be made to sign the Contract Agreement.

For further information on the project, please contact the University Procurement Officer.

Congratulations.

Yours faithfully,

M.A. Alfanla
Registrar

20TH April, 2022

**REPORT OF THE AUDITORS TO THE BOARD OF DIRECTORS OF
MUZTAF GLOBAL INVESTMENT LIMITED.**

We have audited the Financial Statement of MUZTAF GLOBAL INVESTMENT LIMITED as set out on the pages 6-12

Respective Responsibilities of Director's and Auditors

The company's directors are responsible for the preparation of the Financial statement. It is our responsibility to form an independent opinion, based on our audit, on those statements and to report our opinion to you.

Basis of opinion

We conducted our audit in accordance with general accepted auditing standards. An audit includes examination on a test basis, in evidence relevant to the amounts and disclosures in the statement of Affairs. It also includes an assessment of the significant estimates and judgments made by the directors in the preparation of the statement of Affairs and of whether the accounting policies are appropriate to the company's circumstance, consistently applied and adequately disclosed.

We planned and performed our audit so as to obtain all the information and explanations which we considered necessary to provide us with sufficient evidence to give a reasonable assurance that the statement of affairs is free from materials miss-statement, whether causes by fraud, other irregularity or error. In forming our opinion, we also evaluated the overall adequacy of the presentation of information in the statement of affairs. The financial statements are in agreement with the information and explanations we obtained.

Opinion

In our opinion the financial statement gives a true and fair view of the state of affairs of the company as at 31st December, 2021 and have been properly prepared in accordance with the companies and Allied Matters Act 1990 and the Nigerian Accounting Standards Board.

We have audited the accompanying financial statements of MUZTAF GLOBAL INVESTMENT LIMITED. These financial statements comprise the statement of financial position as 31st December, 2023 and the statements of comprehensive income, changes in Equity and cash flows for the year then ended, and a summary of significant accounting policies and other explanatory notes.

STATEMENTS

Our responsibility is to express an independent opinion on the financial statement based on the audit.

BASIS OF OPINION

We conducted our audit in accordance with international standards on auditing issued by the international federation of accountants. An audit includes examination on a test basis of evidence relevant to the amount and disclosures in the financial statements. It also includes an assessment of the significant estimates and judgments made by the Directors in the preparation of the financial statements, and of whether the accounting policies are appropriate to the enterprise circumstances, consistently applied and adequately disclosed.

We planned and performed our audit so as to obtain all the information and explanations, which we considered necessary in order to provide us with sufficient evidence to give reasonable assurance that the Financial Statements are free from material misstatement in forming our opinion, we also evaluated the overall adequacy of the presentation of information in the Financial Statements and assessed whether the enterprise accounting records and books have been properly kept.

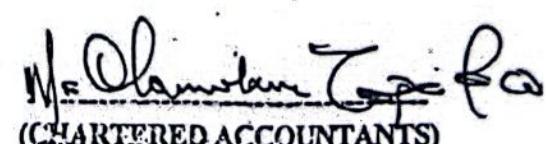

OPINION

In our opinion, the enterprise has kept proper accounting records and the financial statement are in agreement therewith. The financial statement drawn up in conformity with generally accepted accounting standards, give a true and fair view of the state of affair of the enterprise as at 31st December, 2023 and the financial performance and the cash flow statement for the year ended on that date and have been properly prepared to comply with the requirements of the companies and Allied Matters Act 1990, and the relevant statement of accounting standards issued by the Financial Reporting Council of Nigeria

FRC/2023/PRO/ICAN/004/037999.

UMAR IBRAHIM BALA

Site Manager | Construction Project Specialist | Architect

Apartment 10, 16 Alfred Knight Way, Birmingham, United Kingdom

+44 7440 027978

balmarh20@gmail.com

Right to Work in the UK | CSCS White Card (Academically Qualified Person) | CPCS A73

PROFESSIONAL SUMMARY

Detail-oriented and results-driven Site Manager with 10+ years' experience delivering large-scale infrastructure, commercial, and residential projects across the UK and Nigeria. Demonstrated expertise in site supervision, project management, architectural coordination, and quality assurance, with a strong record of reducing defects, driving safety compliance, and delivering projects on time and within budget.

Highly skilled in BIM, AutoCAD, Revit, GPS/Total Station surveying, and implementation of CDM 2015 and UK Building Regulations. Recognised for exceptional leadership in managing cross-functional teams, resolving on-site technical challenges, and introducing process improvements that enhance productivity and project performance.

KEY SKILLS

- Project Management: Scheduling, budgeting, resource planning, cost control, risk management
- Site Supervision: Subcontractor coordination, logistics oversight, site inspections, method statements
- Technical Expertise: AutoCAD, Revit, MS Project, BIM modelling
- Surveying: Total Station, GPS Survey, setting-out
- Quality Management (QA/QC): Defect resolution, material testing, compliance audits
- Health & Safety: CDM 2015, RAMS, toolbox talks, incident reduction
- Leadership & Communication: Stakeholder engagement, team leadership, progress reporting

- Regulatory Compliance: UK Building Regulations, environmental standards
- Architectural Capability: Construction drawings, space planning, 3D modelling and visualisation

PROFESSIONAL EXPERIENCE

Assistant Site Manager (Contract)

Triton Construction, Hare Park Mills, Liversedge, WF15 8EP

June 2022 – April 2024

- Developed and maintained detailed site documentation including as-built drawings, progress reports and daily diaries, enhancing communication between project teams.
- Supported delivery of a £150 million infrastructure upgrade (bridges, roads, drainage, utilities), contributing to the achievement of key milestones ahead of schedule.
- Collaborated with engineers to resolve technical issues on site, preventing delays and improving project efficiency.
- Conducted setting-out using GPS and Total Station, ensuring accurate layout of structural works.
- Ensured compliance with design specifications, quality standards, and H&S regulations during all phases of construction.

Assistant Site Manager (Contract)

Skanska Construction UK, 1 Hercules Way, Watford, WD25 7GS

Jan 2022 – June 2022

- Led H&S briefings and toolbox talks, contributing to a 30% reduction in minor incidents.
- Supervised construction activities for a £100 million commercial office development, ensuring timely completion and strict adherence to quality standards.
- Managed 50+ site operatives and subcontractors, maintaining safe working practices and achieving zero lost-time incidents (LTIs).
- Implemented BIM workflows, improving coordination between design and construction teams and reducing rework by 20%.
- Performed daily site inspections, ensuring compliance with UK Building Regulations and project specifications.

- Supported value-engineering processes that reduced project costs by 10% without affecting quality.

Site Manager / Architect

Ministry of Housing & Urban Development, Kwara State, Nigeria

May 2015 – Nov 2021

- Managed site activities for a £110 million residential development, ensuring alignment with architectural plans and engineering specifications.
- Led the setting-out of foundations, walls, utilities, and structural elements, ensuring accuracy and compliance with technical standards.
- Conducted material testing and site QA inspections, reducing defects by 15%.
- Supported implementation of CDM safety protocols, enhancing on-site safety culture.
- Coordinated subcontractor activities and maintained consistent project records including site diaries and correspondence.
- Provided technical support to site teams, resolving engineering challenges promptly.

Architect

National Assembly Service Commission, Abuja, Nigeria

May 2012 – May 2015

- Contributed to the design of award-winning commercial and residential projects, including a 2014 Regional Award for Sustainable Design.
- Produced detailed 3D models, drawings, and presentations that supported client approvals and secured new commissions.
- Worked with urban planners and landscape architects on major city renewal projects, integrating sustainability and public-space improvements.
- Drove quality assurance improvements, reducing non-compliance issues by 25%.
- Streamlined design workflows, achieving 10% cost savings and quicker project delivery.

Architect

Nigerian Institute of Architects, Abuja, Nigeria

July 2009 – May 2012

- Lead Architect for the award-winning Riverpark Cultural Centre, recognised by the AIA for sustainable innovation.
- Project Manager for Skyline Residences, a \$50 million luxury residential tower delivered on time and within budget, achieving LEED Platinum certification.
- Key contributor to the City Park Pavilion, winner of the 2021 Urban Design Excellence Award.
- Mentored 10 junior architects and interns, improving internal collaboration and design outputs.
- Delivered presentations to clients and planning bodies, achieving a 95% client approval rate.

Architect (NYSC)

Gateway City Development Company, Isheri, Ogun State, Nigeria

Sept 2008 – July 2009

- Produced architectural drawings and construction documents for the Greenwood Office Complex.
- Integrated sustainable design features including off-site construction, solar energy systems, and rainwater harvesting.
- Managed client relationships and coordinated with engineers and contractors, increasing repeat business by 20%.
- Conducted site feasibility studies and development analysis, guiding client strategic decisions.

EDUCATION

University of Wolverhampton, United Kingdom

MSc Construction Project Management (Merit) — Jan 2022 – Jan 2023

Federal University of Technology, Minna, Nigeria

MTech Architecture (Merit) — Sept 2009 – Apr 2012

Kano University of Science & Technology, Wudil, Nigeria

BSc Architecture (2:1) — Sept 2003 – July 2009

CERTIFICATIONS

- SMSTS – Site Management Safety Training Scheme
- CSCS Card – White (Academically Qualified Person)
- RTITB Counterbalance Forklift Operator Certificate
- Certified First Aider

PROFESSIONAL AFFILIATIONS

- Member, Association for Project Management (APM)
- Full Member, Nigerian Institute of Architects (NIA)
